"Small Towns", una realidad urbana en la Hispania romana

Mateos Cruz, Pedro (ed.) ...
[et al.]
1. ed.
Instituto de Arqueología
Mérida-IAM, 2022
(Mytra ; 10)
700 p. ; 20x28 cm.
9788409458080
44,99 €

Las ciudades pequeñas/Small Towns de la Península Ibérica son la abrumadora mayoría de las aproximadamente 400 ciudades que en época romana existieron en Hispania, es decir casi una quinta parte de las aprox. 2000 ciudades del Imperio Romano entero. De ahí que resulta de interés como punto de partida y base de estudio para la investigación, a pesar de las dificultades de definición.

An archaeology of innovation : Approaching social and technological change in human society

Frieman, Catherine J.
1. ed.
Manchester University Press,
2023
(Social Archaeology and
Material Worlds)
256 p.
9781526171788
27,81 €

This book is the first monograph-length investigation of innovation and the innovation process from an archaeological perspective. It interrogates the idea of innovation that permeates our popular media and our political and scientific discourse, setting this against the long-term perspective that only archaeology can offer. Case studies span the entire breadth of human history, from our earliest hominin ancestors to the contemporary world.

Archéologie des lieux d'enseignement dans le monde romain

Villetard, Michèle
1. ed.
Presses Universitaires du
Septentrion, 2023
546 p. ; 20x27 cm.
9782757439135
41,18 €

Des découvertes archéologiques récentes ainsi que la relecture d'anciens dossiers conduisent à nuancer l'idée selon laquelle il n'existerait pas, dans le monde romain (Ier siècle avant notre ère-VIIe siècle de notre ère), d'espaces architecturés plus ou moins spécifiquement destinés à l'enseignement.

Arqueología computacional del territorio : Métodos y técnicas para estudiar decisiones humanas en paisajes pretéritos

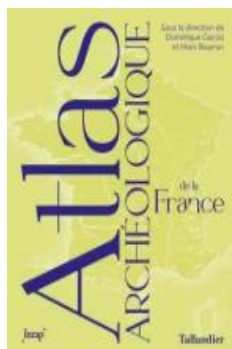

Carrero-Pazos, Miguel
1. ed.
Archaeopress, 2023
164 p. ; 17x24 cm.
9781803276328
48,67 €

Este trabajo tiene por objetivo describir aproximaciones analíticas para modelizar y estudiar paisajes culturales pretéritos, su evolución y relación con las sociedades humanas del pasado. Para ello, se propone el uso de Sistemas de Información Geográfica y la estadística espacial, utilizando como marco teórico la arqueología del territorio y del paisaje.

Atlas archéologique de la France

Garcia, Dominique
Bouiron, Marc
Boissière, Aurélie (il.)
1. ed.
Éditions Tallandier, 2023
336 p. ; 20x25 cm.
9791021059382
41,18 €

Des milliers de découvertes surgissent sans cesse sous la truelle des archéologues. Les vestiges d'habitats, de tombes, de sanctuaires ou d'ateliers enrichissent notre patrimoine comme notre compréhension des sociétés passées. Jamais encore ces archives du sol, du Rhin au Finistère, de la baie de Somme à la Corse et dans les terres d'outremer, n'avaient été cartographiées et illustrées avec une telle ampleur.

AVREVS : Le Pouvoir de l'or = The Power of Gold

Nieto-Pelletier, Sylvia (ed.) ...
[et al.]
1. ed.
Ausonius Éditions, 2023
(Scripta antiqua ; 171)
556 p.
9782356135780
34,32 €

Ce livre présente l'apparition du premier monnayage d'or unitaire de l'Europe occidentale : le monnayage d'or romain, aboutissement d'une tradition pluriséculaire. Grâce à l'analyse physico-chimique de près de 1000 monnaies d'or et de bijoux des collections patrimoniales, mise au service d'une démarche interdisciplinaire, AVREVS décrit les transferts de stocks d'or et les enjeux relatifs à l'or en Occident (ive s. a.C. - 69 p.C.).

Connecting Communities in Archaic Greece : Exploring Economic and Political Networks through Data Modelling

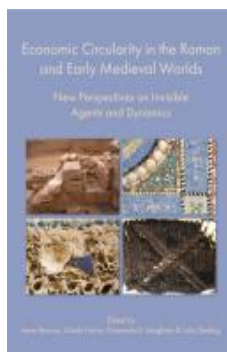

Loy, Michael
1. ed.
Cambridge University Press, 2023
(British School at Athens Studies in Greek Antiquity)
300 p. ; 17x25 cm.
9781009343817
139,07 €

This is a new history of Greece in the seventh and sixth centuries BC written for the twenty-first century. It brings together archaeological data from over 100 years of 'Big Dig' excavation in Greece, employing experimental data analysis techniques from the digital humanities to identify new patterns about Archaic Greece.

Economic Circularity in the Roman and Early Medieval Worlds : New Perspectives on Invisible Agents and Dynamics

Bavuso, Irene (ed.) ... [et al.]
1. ed.
Oxbow Books, 2023
304 p.
9781789259964
69,53 €

This volume stems from a conference held at Moesgaard Museum supported by the Carlsberg Foundation and the Centre for Urban Networks Evolutions (UrbNet) at Aarhus University. To enhance our understanding of circular economic processes, the contributions in this volume expand the framework of the discussion by exploring circular economy over the longue durée and by integrating an interdisciplinary perspective.

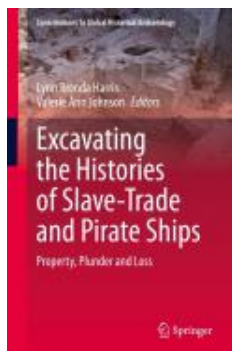

El circ romà de Tàrraco : Evolució històrica de l'àrea del circ romà de Tàrraco i la intervenció arqueològica a la plaça de la Font de Tarragona

Gebelli Borràs, Pere
1. ed.
Universitat Rovira i Virgili (URV), 2023
(Ciències socials i humanitats ; 3)
218 p. ; 24x17 cm.
9788413650500
20,00 €

Aquesta monografia vol donar a conèixer els treballs arqueològics que es van realitzar a la plaça de la Font de Tarragona amb motiu de les obres de construcció d'un pàrquing soterrat. En aquest treball s'estudien totes les fases ocupacionals que hi varen tenir lloc, des de mitjan segle II aC fins al present.

Excavating the Histories of Slave-Trade and Pirate Ships : Property, Plunder and Loss

Harris, Lynn (ed.)
Johnson, Valerie A. (ed.)
1. ed.
Springer, 2022
(Contributions To Global Historical Archaeology)
241 p.
9783030962326
128,97 €

This edited volume brings new perspectives on the topic maritime archaeology of the slave trade in the Caribbean. The book focuses on shipwrecks of the slave trade in the 18th century and suggests that there is a more complex and challenging social narrative than has previously been discussed.

Edizioni Quasar, 2023
(Communitas ; 2)
436 p. ; 19x25 cm.
9788854914056
27,96 €

La storia dell'alimentazione, ben lungi dal costituire vana ricerca erudita o mera curiosità antiquaria, si configura a tutti gli effetti come storia economica, sociale e culturale.

La correspondance privée dans la Méditerranée antique : sociétés en miroir

Dana, Madalina (ed.)
1. ed.
Ausonius Éditions, 2023
(Scripta antiqua ; 168)
348 p.
9782356135636
28,60 €

Les lettres privées, inscrites sur des supports très variés comme le papyrus, les tessons de céramique, les tablettes en bois ou en terre crue ou bien le plomb, échangées entre de parfaits inconnus de l'histoire, représentent une source originale et insuffisamment exploitée pour l'histoire économique, sociale et culturelle de l'Antiquité.

Magnification and Miniaturization in Religious Communications in Antiquity and Modernity : Materialities and Meanings

Begemann, Elisabeth (ed.) ...
[et al.]
1. ed.
Brepols Publishers, 2023
(Contextualizing the Sacred ; 12)
244 p. ; 21x28 cm.
9782503604794
125,84 €

Taking as its starting point the concept of ‘materialities and meanings’, this volume explores how human perceptions and understanding of magnified and miniaturized forms and structures are shaped and changed, both synchronically and diachronically, by our understanding of the human body and its size, and the impact that this has in our relationship with the wider world in the context of ritual practices.

Modelling Human-Environment Interactions in and beyond Prehistoric Europe

Seuru, Samuel (ed.)
Albouy, Benjamin (ed.)
1. ed.
Springer, 2023
(Themes in Contemporary Archaeology)
178 p.
9783031343353
150,60 €

This book offers insight into the relationship between prehistoric and protohistoric human populations and the world around them. It reconstructs key aspects of the palaeoenvironment – from large-scale drivers of environmental conditions, such as climate, to more regional variables such as vegetation cover and faunal communities. The volume underscores how computational archaeology is leading the way in the study of past human-environment interactions across spatial and chronological scales.

58,41 €

Tracing its origins in the Laurence Seminar on Roman Urbanism in Italy: recent discoveries and new directions, which took place at the Faculty of Classics of the University of Cambridge (27–28 May 2022), this volume brings together scholars whose recent work at key sites is contributing to expand, change or challenge our current knowledge and understanding of Roman urbanism in Italy.

Shaping Archaeological Archives : Dialogues between Fieldwork, Museum Collections, and Private Archives

Raja, Rubina (ed.)
1. ed.
Brepols Publishers, 2023
(Archive Archaeology ; 4)
22 p. ; 21x28 cm.
9782503605647
143,00 €

In this volume, scholars turn their attention to how best to work with and shape archaeological archives, and what this means for the field as a whole. The majority of case studies here explore archaeological sites in the eastern Mediterranean and the Middle East, some of which are conflict zones today.

Takurunna, el país de los Nafza : un estudio histórico y arqueológico sobre el enclave de Nina Alta (Teba, Málaga), 1. Estudio histórico

1. ed.
La Serranía, 2023
570 p. ; 21x29 cm.
9788415588962
30,00 €

Cualquiera que visite el Museo Histórico Municipal de Teba podrá contemplar su magnífica colección arqueológica de época medieval. La mayor parte de los materiales andalusíes, que han sido donados por los vecinos durante décadas, proceden de Nina Alta, el enclave que identificamos con la sede de la cora de Tì kurunnì. La extensión del lugar es un argumento de primer orden para defender su relevancia.

Teaching and Learning the Archaeology of the Contemporary Era

Moshenska, Gabriel (ed.)
1. ed.
Bloomsbury, 2024
264 p. ; 15x23 cm.
9781350335622
34,76 €

The tools and techniques of archaeology were designed for the study of past people and societies, but for more than a century a growing number of archaeologists have turned these same tools to the study of the modern world. This book offers an overview of these pioneering practices through a specifically pedagogical lens, fostering an appreciation of the diversity and distinctiveness of contemporary archaeology and providing an evidence base for course proposals and curriculum design.

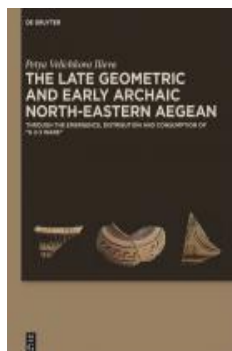

The House of the Two Skeletons at Morgantina

Women and Society in the Roman World : A Sourcebook of Inscriptions from the Roman West

Hemelrijk, Emily A.
1. ed.
Cambridge University Press, 2023
367 p. ; 17x24 cm.
9781316509050
31,97 €

By their social and material context as markers of graves, dedications and public signs of honour, inscriptions offer a distinct perspective on the social lives, occupations, family belonging, mobility, ethnicity, religious affiliations, public honour and legal status of Roman women ranging from slaves and freedwomen to women of the elite and the imperial family, both in Rome and in Italian and provincial towns. They thus shed light on women who are largely overlooked by the literary sources.
